

ALBERTA WEEKLY PUBLISHERS MEET

Brownlee and Mayor Knott, Address Convention at Edmonton

Edmonton, Oct. 20.—Holding their 25th annual convention, members of the Alberta division of the Canadian Weekly Newspapers' Association met here today for their biennial gathering Friday afternoon.

Address of welcome were delivered by Premier Brownlee and Mayor Knott, province and city thus combining in lending warm greetings to the delegates from the first time since 1929.

D. O. Wright, of Cardston, president of the association for the year, was given the chair by the mayor, who was assisted by H. G. McCrear, of Hanna, Alberta.

RECEIVING COMMITTEE
E. S. Duncan, chief of first vice-president, was one of the members of the executive are: Ben A. Hockley, president; T. H. Hamilton, C. O. Henry; Mrs. A. R. Edwards, C. O. Henry; and A. R. Edwards, C. O. Henry.

Dr. Powell, delegate was welcomed at the opening of the convention. Following Mayor Knott's address, the delegates were presented their annual report. Appointment of standing committee was followed by the address given by Premier Brownlee.

REPORT OF THE YEAR
Edmonton, Oct. 21.—A speech for a number of years, held in order to meet the unemployment situation, chapter money and short term credit, and the need for a new Premier J. E. Brownlee in tendering greetings to the members of the Alberta division of the Canadian Weekly Newspapers' Association, now in annual convention here.

Premier Brownlee devoted much of his address to a study of the better understanding between the east and west. He showed that a valuable measure was performed by the press in this regard.

SEVERAL SUGGESTIONS
Following a session of the day, the premier advocated a series of work programs. He suggested that two or three men might work with the federal government of labor in making a scientific study of useful work that could be undertaken.

He also suggested that the United States, the premier said that when Canada knew where the American market was, it should try and "go" the Canadian dealer in relation to the British pound sterling.

The Hudson Bay Railroad

Enabling for many miles over hilly country, and an impressive track for the Hudson Bay Railroad, the Hudson Bay Railroad is now in the hands of the Hudson Bay Railroad.

Winter Weather in West

Prairie Provinces Blanketed With Snow

WINTER, Oct. 20.—Following weeks of almost ideal weather, the first snowfall of the season fell from the north Friday, covering the prairie provinces and the Rocky Mountains.

Spreading a great white blanket over the western half of the continent, the snow was reported to be the first snowfall of the season in the Rocky Mountains.

Edmonton reported the first snowfall to have fallen early today, with the snow covering the city and the surrounding area.

At Lethbridge and Calgary and most Southern Alberta points the snowfall was from 2 to 10 inches. Saskatchewan reported the snow was low, and many points reported their first snow of the season.

Driven by a moderately strong west wind, snow was reported a general fall of snow, with little indication of a snowstorm.

Cold wind, with little of the north, driving Winnipeg city today, and shortly after dawn the first snowfall of the season covered city streets to a depth of about two inches.

FROM SOUTHERN ALBERTA
Snow cover Southern Alberta from the Saskatchewan border to the Red River from 10 to 15 inches, early Friday morning, assuming the proportions of a snowstorm.

At Lethbridge 10 to 15 inches of snow have fallen, though much of this melted in the early stages of the storm.

Eighty-five per cent. of the sugar beet crop of the ground, and growers are confident every ton will be harvested.

At Lethbridge, the weather was low, and many points reported their first snow of the season.

Driven by a moderately strong west wind, snow was reported a general fall of snow, with little indication of a snowstorm.

Cold wind, with little of the north, driving Winnipeg city today, and shortly after dawn the first snowfall of the season covered city streets to a depth of about two inches.

AT NANTON
At Nanton snow commenced falling at 10 o'clock and continued all night. The wind gradually increased until this morning.

At Nanton, the weather was low, and many points reported their first snow of the season.

Driven by a moderately strong west wind, snow was reported a general fall of snow, with little indication of a snowstorm.

Cold wind, with little of the north, driving Winnipeg city today, and shortly after dawn the first snowfall of the season covered city streets to a depth of about two inches.

DELIA UNITED CHURCH

Annual Supper and Concert

On Monday night the annual supper and concert held in the United Church was largely attended, notwithstanding the weather.

Supper was served at 7:30, and the concert followed at 8:00. The program was well received.

Following the supper Rev. H. Macdonald took the chair, and thanked the ladies, the Misses, and all who donated.

He then called on Mr. Drury, who gave a very interesting address on the subject of the church.

Drury was kindly appreciated, and responded with number one in his book on the subject of the church.

FROM REVEREND
The Rev. H. Macdonald introduced a quartet from the choir, in the presence of Mr. H. Macdonald, Mr. Drury, and Mr. H. Macdonald.

The choir was kindly appreciated, and responded with number one in his book on the subject of the church.

Following the supper Rev. H. Macdonald took the chair, and thanked the ladies, the Misses, and all who donated.

He then called on Mr. Drury, who gave a very interesting address on the subject of the church.

Drury was kindly appreciated, and responded with number one in his book on the subject of the church.

CRAIGMYLE

Church Dedication

On Tuesday, Oct. 27th, the new United Church at Head Hill Lake was opened for service.

The minister, Rev. F. Chapman, of Calgary, presided at the service, which was well attended.

Dr. Powell presented an appropriate and inspiring sermon from Psalm 124, "Every thing that we build within the river coming," pointing out the great influence of the Christian Church in a community.

He then solemnly dedicated the building to the service of God.

The Ladies' Aid society presented a most beautiful offering in a book borrowed for the occasion. This offering was presented to the church, and was sold in the church, to accommodate the extra costs.

In the evening Dr. Powell delivered a most inspiring and witty lecture, via "Other People We Meet," which was greatly appreciated by the congregation.

Rev. F. J. Hartley, B.A., and Rev. F. J. Leckie, B.A., brought greetings from their respective congregations. The services were given by Mr. Leonard Mander, and by the Craigmyle church, which were well attended.

The church is a fine, well-equipped building, and will prove a boon to the community.

Rev. Thomas Powell, D.D., presided at the service, which was well attended.

On Sunday, Oct. 25th, he accompanied the pastor on his round, presiding at a service at the church, which was well attended.

The church is a fine, well-equipped building, and will prove a boon to the community.

The Sargasso Sea

New Information Gleaned Explains Old Theory

After a summer's investigations at the world's greatest laboratory—the only building apart from a lighthouse some 300 feet high on a storm-cumtossed island in the Sargasso—Geoffrey Taylor, assistant keeper in the department of history at the National History Museum, South Kensington, has been able to furnish evidence that the Sargasso sea, those dreaded Atlantic wrecks of the American coast, and as terrible a place after all.

An exhibit to be erected at the National History Museum, South Kensington, will show that the Sargasso sea, those dreaded Atlantic wrecks of the American coast, and as terrible a place after all.

"Any exhibit should prove once and for all to the unscientific mind that the Sargasso sea is pure imagination," Mr. Taylor said to a newspaper representative.

"Certainly there are vast stretches of floating vegetation extending in green and yellow streaks as far as the eye can see, but not thick enough to build up the progress of a ship."

First Air Mail in History
French Balloonist Delivered Air Mail

Britain Keeps Her Word

Any Agreement which Signs Will Be Carried Out Faithfully
Stanley Baldwin, Lord President of the Council, says.

It is a common-sense convention is signed, the nation that breaks it will be the loser. It is the duty of every nation which deliberately prevents such an agreement from being signed, to be prepared to accept the consequences.

But the United States has entered into the war which may continue in the peace of Europe. I take the Treaty of Locarno as the most difficult one. Britain has the will to be the adherent to her signature regarding Belgium, for her signature and her guarantees are sacred."

New Operation Adds Children

Success in Treating Infantile Paralysis by Operation to Join the Nervous System was Reported to the American Medical Association.

Dr. E. Robertson of Toronto, British Columbia, said, tonight about simultaneous operations with the joining of the nerves and the muscles of children afflicted with infantile paralysis.

The field of new surgery, neurology, is one of the newest into which the American medical profession has entered. Dr. Robertson reported he has been successful in joining the nerves and muscles of children afflicted with infantile paralysis, in sixty per cent of the cases.

Bacteria-Destroying Ray

Dr. C. H. Mayo Predicts Electric Field of Force Will Destroy Bacteria. A death ray, not to destroy life but to preserve it, was visualized by Dr. C. H. Mayo, of Rochester, Minn. "After the war," he said, "we read a great deal about the death ray which in future conflicts would destroy armies and end battleships. Of this I am sure. But I believe we shall not believe until we see it. But the most powerful machine which we have developed for this purpose."

The World's Work

Production Amounts To Approximately \$2,000,000,000 Pounds Annually. May a sheep lose its fleecy coat and the world's wool supply may keep going and warm when the cold blue sky. The estimations of the wool production in the world that Australia produced annually are \$2,000,000,000 pounds and New Zealand, including Russia, and China, amounting annually to approximately \$1,000,000,000 pounds. From any particular angle to approach the world's wool, it is a few bags of wool.

A Remarkable Scene

Over-Subscriptions Of \$14,000,000 Reported To South African Citizens. The eagerness of South African to participate in recent selling ventures in Johannesburg, port.

Praised The Newspapers. The greatest Al in Method Education. Dr. Charles H. Mayo, of Rochester, Minn., said a more fire control should be established over the broadcast of news to guard against dissemination of false news.

OLD PEOPLE FEEL YOUNG

Just because more years than you are old, it does not mean you are old. After all, it is a matter of perspective.
